Dear Aya Nagata,

My name is Zalán Petneházy and I, together with Csongor Sándor, was honored to take part in the exchange program. I am very humbled by this opportunity, I have wanted to visit Japan all my life.

However I must tell you, that for reasons I will describe below, I am only able to arrive in Japan early November 2023 (either November the 3rd or later). Our coordinator (Dóra Éltető) asked me to contact you regarding this matter. I hope that this does not exclude me from the programme.

The said reason is the following: I was awarded a fully financed visit to Sarasota Florida, to present at the Hungarian Medical Association of America (HMAA)'s yearly congress (21st - 28th of October, 2023), due to the fact that I conduct scientific research and that I won the Hungarian HMAA congress in Balatonfüred, Hungary, August 2022.

I am looking forward to hear from you. I deeply apologize for this inconvenience.

Yours sincerely,
Zalán Petneházy, MS

Dear Zalán Petneházy,

Thank you for contacting me. I am very glad to receive and host both of you here this Autumn.

Regarding your clinical clerkship period, early November is fine.
How about November 6 - December 1 or November 13 - December 8?

I am coordinating with other sister schools for the period of their sending students and try to make it to the same period as much as possible so that you can interact with other international students.

Best regards,

Aya

Dear Aya Nagata,

Thank you for your reply. I consulted Csongor Sándor about the dates. We agreed on the second option which is November 13th - December 8th. He will soon confirm this via email.

We are honored to be granted this great opportunity, I would like to thank you and Tokyo Medical University again.

Our dear friend, Aron Kiraly, who was granted the fellowship last year (December 2022) told us that you are the greatest administrator he has encountered during his studies. He encouraged us to reach out to you regarding necessary documents (such as vaccinations, screening tests and malpractice insurance). Could you please inform us on what we need to send you?

On the other hand we would like to kindly ask you if there is an option to stay beyond our

medical practice (after the 8th of December) in Japan? Csongor and I would love to see as much as possible of your beautiful country, thus we would like to stay an extra week. Would it be possible to stay at Cosmo house for that period or do you have an alternative, affordable student housing or similar option?

Lastly, may we contact you in the future regarding useful information for our stay in Tokyo? Matters regarding e.g. Pasmó, Mobile providers and student discounts.

I am sorry, if this is not any of your jurisdiction. Please tell us if this is the case.

Yours sincerely,

Zalán Petneházy & Csongor Sándor

Dear Ms. Zalán Petneházy,

I'm sorry that I did not reply to you earlier.

Thank you for your confirmation on the rotation dates from November 13th - December 8th.

Yes, we enjoyed hosting Mr. Aron Kiraly and Ms. Kíra Dorogi last December here and they successfully completed their clerkship. I'm happy for them and I sincerely hope that you will enjoy staying here.

Regarding the required application documents, please refer to the website: <https://www.ciertmu.com/international-exchange>

Deadline of submission:

1-4 items below: April 28

5-9 items below: August 31

1. Application Form [Application form](#)
 2. Curriculum Vitae
 3. Motivation Letter (Length: 1 A4 page)
 4. Official Academic Transcript
-

5. Immunization Form [Immunization form](#)
6. Copy of Passport
7. Proof of Health Insurance
8. Proof of Professional Liability Insurance
9. Digital ID Photograph

Regarding to stay at our dormitory, Cosmo House after completing your clerkship, I regret to inform you that this is not allowed and no student housings available other than the period of your clerkship.

So I would be able to book accommodation **from November 10 or 11 - December 9** for you. Please refer to the accommodation information in this email.

International students come here orgzanize their trip by themselves and enjoy a lot discovering Japan other than their clerkship, so actually I have not been asked for advice for their stay or trip in Japan.

But sure, you can feel free to consult me if you are not sure. You can also get a tons of information on the website, too.

□

Some students buy the international mobile plan in their country before coming here, for Áron and Kíra, they arranged the sim for a month at the airport here.

Student discounts: Students are eligible to purchase a commuter pass at a discount, but you don't need it because you can walk to our hospital. I'm not sure if this is useful or not in Japan, here is information for an international student card: <https://isicjapan.jp/discounts/>
