Table D - Traineeship Certificate by the Receiving Organisation/Enterprise

Name of the trainee: Gudor Szilárd

Name of the Receiving Organisation/Enterprise: Semmelweis Egyetem, Molecular Oncology

Sector of the Receiving Organisation/Enterprise: Higher education institution (tertiary level)

Address of the Receiving Organisation/Enterprise [street, city, country, phone, e-mail address], website: 1083 Budapest, Üllői str. 26
<https://semmelweis.hu/patologia1/en/>

Start date and end date of traineeship: 04.07.2022 to 05.09.2022.

Traineeship title: Molecular Oncohematology

Detailed programme of the traineeship period including tasks carried out by the trainee:

The trainee participated in the everyday work of the Molecular Oncohematology research group and diagnostic laboratory. His training program included involvement in sample preparation, performing and evaluation of molecular tests in the field of leukaemias and lymphomas.

Knowledge, skills (intellectual and practical) and competences acquired (achieved Learning Outcomes):

During his traineeship, Mr. Gudor acquired valuable skills in the field of molecular diagnostics, including nucleic acid extractions, setting up PCR and quantitative PCR reactions. He also acquired skills in Sanger sequencing, not only in performing the experiments, but also in designing the necessary assays and evaluating the data obtained and clinical evaluation of the findings. Handling of Liquid biopsy specimens. Next-generation sequencing data analysis.

Evaluation of the trainee:

Mr. Szilárd Gudor performed his training with an outstanding motivation and dedication. He has been an asset to the laboratory. I evaluate his performance With the highest possible rank (excellent).

Date: 05.09.2022.

Name and signature of the Supervisor at the Receiving Organisation/Enterprise: Dr. Csaba Bódör, Head of Molecular Diagnostics, laboratory manager;

Stamp of the Receiving Organisation/Enterprise:
