Writing

71%

Listening

78%

Speaking

100%

17.9.2022
Date of Exam

RH15009310
Candidate Code

Chief Examiner

Level C1

The Euroexams are suites of English language examinations based upon the Council of Europe's Common European Framework of Reference for Language

At this level the language user can...

Reading	understand complex factual and literary texts with sensitivity to a range of styles, as well as more specialised texts and articles, even when they are about an unfamiliar topic.
Writing	create clear text and express points of view in a well-structured manner, even about complex subjects. The user can effectively highlight significant points and apply appropriate style in a range of text types, such as essays and reports.
Listening	comprehend extended speech even when it is not clearly structured and relationships are not overtly stated, including confidence in understanding a range of media products.
Speaking	speak with a high level of fluency and spontaneity in a variety of social and professional settings, showing sensitivity to other speakers' contributions. The user can present clear, detailed and well-structured descriptions of complex subjects, integrate sub-themes and apply appropriate focus.

The Euroexam Level C1 test meets the English language requirements for admission to English-medium higher education studies. (UK NARIC independent evaluation report)
Euroexam International is an institutional member of EALTA (European Association for Language Testing and Assessment) and ICC (the International Language Association), an affiliate member of ALTE (Association of Language Testers in Europe), an associate member of EAQUALS (Evaluation and Accreditation of Quality Language Services) and a corporate member of English UK.
