Dear Benedek Koszta,
(a copy is also sent to the co-authors)

We are pleased to inform you about the acceptance of your following abstract for the EGU General Assembly 2024:

EGU24-582

A possible cartographical data source for historical magnetic field improvement: The direction of the section north of the Habsburg first military survey
by Benedek Koszta and Gábor Timár

Session: NP4.1 – Time series analysis: New developments and lessons learned from applications across the geosciences

The organizers are working to finalize the EGU24 programme, which includes scheduling your contribution. You will be informed about the presentation details (presentation type, day, and time) through your letter of schedule on 7 March 2024. In the meantime, please see the details of the EGU24 meeting format and presentations types at: https://egu24.eu/about/meeting_format.html

Information on registration, venue, as well as hotel booking options can be found under the "Attend" menu tab of the conference webpage: <https://www.egu24.eu>

Thank you very much for your contribution. In case any questions arise, please do not hesitate to contact us.

Kind regards,
The Copernicus Meetings team
