Dear Katalin,

Congrats again on your acceptance into the National Institute for Theory and Mathematics Summer Undergraduate Research Program (NITMB SURP)! We are looking forward to seeing you on Monday, June 17th for your Orientation.

For this summer, we have matched you with the faculty member listed below. They will be your mentor during the program and are cc'd on this email. Learn more about their research via the links below.

Mentors	Mentor Email
Keara Lane	keara.lane@northwestern.edu

Your dormitory is on the Northwestern University - Evanston campus, which is the same campus as your workspace within your mentor's research group. More details about your dormitory accommodations (move-in on June 16) and the summer schedule will follow in separate emails.

Your mentor will contact you directly to discuss the project you will be working on and plans for the summer before Friday, June 7. If your mentors have not contacted you by June 7, please tell me as soon as possible, so we can help facilitate a meeting before your arrival.

Additionally, please help us prepare for your arrival by [completing this brief form](#) and the attached badge access form for our building. Send the completed badge access form and a high-def color photo of yourself to nitmb@nitmb.org by May 24.

Lastly, Northwestern University and The University of Chicago are committed to providing the most accessible learning environments possible for students with disabilities. More details about each University's established accommodation process will be included in future emails.

If you have any questions, please let me know. We look forward to meeting you in June.

Thank you,

Marisa

Hi Katalin,

I am excited to host you in my lab as part of the NITMB SURP! You will be mentored by a fantastic graduate student in the lab, Anika Marand, who is cc'd on this email. Let's set up a Zoom meeting for the first week of June so that we can meet and discuss the project. Can you provide me with some potential blocks of time that would work for you on June 3, 4, and 5? I expect the meeting will last approximately 1 hour.

Looking forward to a summer of great research.

Best,

Keara

Dear Keara Lane and Anika Marand!

Thank you for your email! I can't wait to finally meet you in person and learn from you this summer!
