Brief description of the completed short term study program:

I was a participant of the BOBCATSSS 2014 Conference in Barcelona. BOBCATSSS is a big, international annual conference for librarians and librarian-students since 1993. It got a name from the cities of the founder universities: Budapest, Oslo, Barcelona, Copenhagen, Amsterdam, Tampere, Stuttgart, Sheffield, Szombathely. The theme of my presentation was the hungarian book-changing website, the Rukkola.hu. My presentation was a part of the section called „Spaces, cultures and freedom of information”.

Description of skills and competences acquired during the short term study program

1. Activities/tasks carried out

To take a part in the conference I had to write a short abstract about my research. After that the organizers accepted my application I wrote a full paper of my theme. And finally I lectured my presentation in the conference.

2. Specific professional competences acquired

Improving presentation skills, getting to know international results, draw conclusions and building them into my future studies.

3. Language skills and competences acquired (if not included under 'Job-related skills and competences')

This was the second time I took part in an international conference with English as a working language. I had to use English when I wrote my paper, held my presentation and spoke with other participants. I think that I developed very much during that three days.

4. Computer skills and competences acquired (if not included under 'Job-related skills and competences')

I made my presentation with the Microsoft Power Point but in the conference I saw so many people who used the Prezi program. After the conference I got to know it and next time I will use it because the presentation with this can be more spectacular.

5. Organisational skills and competences acquired (if not included under 'Job-related skills and competences')

I organized my trip to Barcelona with fellow hungarian students. We bought our flying tickets and the visa, changed money, booked our accommodation, watched after the bustransport of Barcelona. We did all alone.

6. Social skills and competences acquired (if not included under 'Job-related skills and competences')

It was an international conference so I could meet and get to know librarians from other countries.

7. Other skills and competences acquired

Flexibility, openness, self-confidence, communication, information literacy.

8. Number of awarded ECTS credits (if any): -

Hereby I certify, that the above mentioned student has successfully completed the described Short Term Study Program.
