

SHORT TERM SCIENTIFIC MISSION

GRANT LETTER - version 1.1 - CGS

Ms Kinga Németh

Szent-Gyorgyi Albert street 4. 2100. Godollo, HUNGARY

Godollo

Hungary

Subject **Short Term Scientific Mission**

Reference COST Action TD1101

Host institution: Biologie du Développement et Reproduction, UMR INRA/ENVA

Period: 24/08/2013 to 08/09/2013

Reference code: COST-STSM-ECOST-STSM-TD1101-240813-033597

Amount up to: EUR 1200

Dear Ms Kinga Németh,

With reference to your application for a Short Term Scientific Mission, I am pleased to inform you that the Management Committee of the COST Action **TD1101**, has awarded you a fixed grant amount of **EUR 1200**, for the above mentioned STSM.

While this Grant Letter highlights and summarizes important items linked to the STSM, it does not serve as a substitute for the COST Vademecum or any other legal requirements or provisions. The funding will be spent according to the Guidelines for "Short Term Scientific Mission" that can be found on <http://www.cost.eu/participate/networking>.

Please note that you should start your mission at the foreseen time and inform the Grant holder about any change in advance of the mission.

The payment of the Short Term Scientific Mission will be made after approval by the MC of both your scientific report and the host report. The payment will be carried out by the Grant Holder Institution upon reception of a copy of these two approved reports to the bank coordinates in provided in e-COST.

Yours sincerely,

Dr Herve GARREAU

Grant Holder

Dear Miss Németh Kinga,

Following our project of collaboration with Dr Elen Gocza, it is a pleasure for me to invite you to spend three weeks from July the 1st to July the 21th in our laboratory to perform in situ hybridization experiments on rabbit embryos collected in your laboratory.
We are looking forward to see you.

Yours sincerely,

Véronique Duranthon
