Dear László Kövecses,

after we get all the articles we should check them (bibliography and footnotes). Then we forward all the materials to english native speaker in order to check the text. In meanwhile we wait for the book review and for the book cover. We are planning to publish the book in july.

Best regards,
Dorota Tryk

Dear Dorota Tryk,

I am honoured by your offer, of course I can extend my essay by 30 April (Thursday). Approximately when would the book be published?

Kind regards,
László Kövecses

Good evening,

our organisation is thankful for sending us your essay. We suggest you to expand your analysis to 10 pages, because we would like to print this article in our book.

Would it be possible to send modified essay till the end of April?

Best regards,
Dorota Tryk
