Grading scheme since August 30, 1999

Differentiated assessment of students' academic results in a subject or its parts is conducted using a six-grade assessment system (supplemented by the verbal counterpart and the description of meaning of every grade) as follows:

- 1) Grade "A" - "Excellent";
- 2) Grade "B" - "Very good";
- 3) Grade "C" - "Good";
- 4) Grade "D" - "Satisfactory";
- 5) Grade "E" - "Sufficient";
- 6) Grade "F" - "Insufficient".

The examination or pass/fail evaluation is considered passed upon its grading in the range from "E" to "A". In calculating the average grade the following correspondences are applied: A = 5, B = 4, C = 3, D = 2, E = 1, F = 0.

Non-differentiated assessment of academic results is conducted using a system whereby the positive result is defined as "Pass" and the negative result as "Fail".
