

Hi, I'm Ádám.

Hopefully the guy you're looking for.

I'm a programmer.

A programmer who also..

**Knows how to work with
people**

A programmer who also..

**Knows how to work with
people**

A programmer who also..

Can lead a team

**Knows how to work with
people**

**Takes a project from the
dreams to the follow-up
phase**

Symfony, WPF, Qt, jQuery

Technical skills

Database theory,
PostgreSQL, MySQL, Oracle

I love to learn and do it
fast

Linux & Windows, system
administration

**But I love life beyond
computers**

so when I'm not working, I..

Enjoy different sports, like
CrossFit, surfing and diving

so when I'm not working, I..

Enjoy different sports, like
CrossFit, surfing and diving

so when I'm not working, I..

Am addicted to music

Love travelling

Love travelling

**Enjoy different sports, like
CrossFit, surfing and diving**

so when I'm not working, I..

Am addicted to music

**Constantly seek new
challenges and adventures**

**Interested in what I've done
so far?**

**I have considerable work
experience**

Internship at Morgan
Stanley, working on internal
libraries

**I have considerable work
experience**

Internship at Morgan
Stanley, working on internal
libraries

Creating & maintaining a
complex online administration
system of ODK for 20k users

**I have considerable work
experience**

Internship at Morgan
Stanley, working on internal
libraries

Creating & maintaining a
complex online administration
system of ODK for 20k users

I have considerable work experience

Research and programming
related to my studies: brain
simulation on supercomputers
and surgical planning

complex online administration
system of ODK for 20k users

I have considerable work experience

Research and programming
related to my studies: brain
simulation on supercomputers
and surgical planning

Web development and system
administration, partially with
my own start-up

**And a matching volunteering
profile**

And a matching volunteering profile

Gave classes on
programming at the
university in Java and C++

Took leading positions in
Hungarian and European
student organizations

And a matching volunteering profile

Gave classes on
programming at the
university in Java and C++

Took leading positions in
Hungarian and European
student organizations

Organized a number of
international events like
TEDxDanubia or the Computer-
Integrated Surgery conference

Gives soft-skills training
for university students

This is me in a nutshell.

**And I believe I am a good
candidate for the fellowship**

**I have the skills to perform
well at a high-profile
company like Facebook**

**I can help transfer your
message to a wide audience
in a number of different ways**

**And would love to contribute
to changing the mentality in
Hungary.**

**So I'm really looking forward
to working with you!**
